

PURPOSE: TO ESTABLISH PROCEDURES TO INFORM BRENAU EMPLOYEES ABOUT THE HAZARDOUS CHEMICALS THEY USE OR MIGHT ENCOUNTER ON THE JOB.

REFERENCE: In order to comply with 29 CFR 1926.59, OSHA's Hazard Communication Standard, the following written hazard communication statement has been established for Brenau University, Gainesville, Georgia. This written statement will be available at all locations that have a requirement for Material Safety Data Sheets (MSDS).

This statement applies to all departments that are associated with Brenau University.

Brenau University is committed to complying with those OSHA regulations that apply to Brenau, and to that end, all departments and staff should familiarize themselves with the applicable OSHA regulations, especially the regulation that applies to the possession, use and storage of hazardous chemicals.
